

**SOLAR TECHNOLOGIES & HYBRID MINI GRIDS TO IMPROVE ENERGY ACCESS  
5TH EDITION**

# S-@ccess Conference

SEPTEMBER 4 - 6, 2024 | MALLORCA, SPAIN

[WWW.ENERGY-ACCESS-CONFERENCES.COM](http://WWW.ENERGY-ACCESS-CONFERENCES.COM)

VERSION: APRIL | 2024

ORGANIZED BY:

# OUR VISION

## FROM PRACTITIONERS TO PRACTITIONERS

Re-enforcement of practical competences throughout the whole life-cycle of energy access programmes for boosting the successful completion of the Sustainable Energy Goals set out by the UN.

**Organizing Committee:**

Xavier Vallvé, TTA  
Andreu Moià, UIB

**Conference Chairmen:**

Werner Weiss, AEE-INTEC  
Xavier Vallvé, TTA

# OBJECTIVE

The conference explores the technical, business, and management dimensions of diverse solar technologies and mini grids. Our aim is to foster practical insights, mutual learning, global knowledge sharing, and authentic networking among participants.

## 01

### KNOWLEDGE SHARING

To give room to participants who want to present their results from scientific research or experiences from the fieldwork.

## 02

### NETWORKING

To provide a forum to exchange practical experiences and to link project development with academia.

## 03

### INDUSTRY INSIGHTS

To provide an overview about the status in different technology areas, business models and innovations.

OUR FOCUS IS ON ENSURING THE SUSTAINABILITY OF ENERGY SERVICES AND DEMONSTRATING THE FEASIBILITY OF SUCH ENDEAVOURS AT VARIOUS INTERVENTION SCALES.

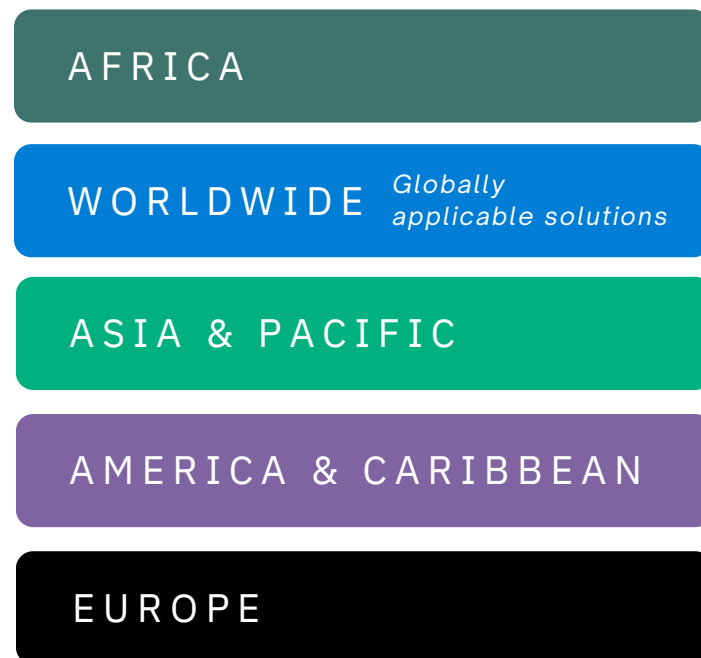

WE AIM TO SHOWCASE LESSONS LEARNED AND SUCCESSES THAT HAVE BEEN ACHIEVED THUS FAR.

# TESTIMONIALS

4TH EDITION, APRIL 2023

“A very well organised conference and very great presentations.”

“I really enjoyed the conference because it was a great mix of both academic and private sector professionals in the solar energy access field. It was refreshing to hear about practical experiences from those in the industry, not just theoretical discussions.”

“All the topics that I attended were very interesting and participatory. In the upcoming editions, the round table discussion time should be increased.  
Looking forward to next year!”
