[Registration](#)

The meeting [programme](#) will cover the following thematic blocks:

1. Climatology

Conveners: Vito Telesca, Josep Calbó and Jose Antonio Guijarro

2. Processes and applications

Conveners: Maria Antonia Jiménez and Maja Telišman Prtenjak

3. Remote and in-situ measurements

Conveners: Joan Bech and Vicente Caselles

4. Numerical modeling

Conveners: Kristian Horvath, Lluís Fita and Víctor Homar

5. Atmosphere-surface interactions in semi-arid conditions

Conveners: Joan Cuxart, Jose Luis Palau and Dani Martínez

6. Extreme Events, from improved weather forecasts to better projections in a context of accelerated climate change

Conveners: Romualdo Romero, Jordi Mazón and Elcin Tan

Organisers

- Tethys

With the support of:

- Catalan Association of

Meteorology (ACAM)

- Fundación CEAM

- Universitat de les Illes Balears
